The Editor Palette sits in the top left of your Photoshop window and acts as a virtual palette. It offers tools and options to change your images in different ways, to edit those changes, and to save those changes. You can also open palettes other than the Editor Palette. In the following sections, I provide you with an overview of the Editor Palette, a checklist of its tools, and a walkthrough of how to open a new image or image adjustment in it and change it to a different image or adjustment in the Editor Palette. I show you how to zoom in on an image's areas of interest. You also discover the different color filters that you can apply to an image, along with different types of eraser and other tool options. Lalu Prasad Sharma Oli yesterday told Hurriyat Conference Chairman Mirwaiz Umar Farooq that the delay in the formation of any united government was not the fault of the separatists but that of the pro-establishment parties that did not want him as the chief minister. "We are not delaying the formation of a joint government with the Hurriyat, we are awaiting the results of the by-elections," Oli said. He said the members of the Congress and National People's Party have staged protests in front of his residence for the past a week, trying to force him to quit office. "Yesterday, while I was in a meeting in Lahore, they staged a demonstration outside my house," he said. "They have no right to come and hold meetings at my house because they [the Congress and the NP] are the ones who are not ready to join us," he said. Oli said the pro-establishment parties would not allow him to form the government. "I am ready to form a government immediately," he said. "However, they [the opposition parties] are also ready to form a government right now." He added that the government formation process needs to be completed within 60 days after the appointment of the prime minister and the formation of the new council of ministers. "We haven't failed to form the government. We have been insisting that the alliance of the Congress and the NP should join the government, and we had taken the decision of forming a government earlier. It was them who did not want us to form the government," he said. Oli said the failure to form a government was not because of his inability to form one but because of the "arrogance" of the Congress and the NP. "Because of their arrogance, they did not want to join the government. I am ready to form a government as soon as the results of the by-elections are announced," he said. Oli said all the parties have agreed that the results of the by-elections for a total of 21 assembly seats on March 17 and March 31 in Kishtwar and Doda districts would be announced within a week. "We will also hold by-polls for five assembly seats in Muzaffar
